

# DTC 400L-XL

**High Speed Drill Tap Machining Center** 

# **About DTC 400L-XL**

The Drill Tap Machining Center DTC 400L-XL designed specifically for high speed drill tap applications along with full milling capabilities.

The DTC 400L-XL is compact and powerful. With a rigid structure and high speeds one can achieve high accuracy and productivity. The first choice of customers for machining Automobile Components.

- **Faster ATC**
- Highly Rigid Structure
- **High-Speed Spindle** Easy Maintainence

#### **Standard Features**

- 10000 rpm Speed (Direct Drive)
- 16 Tools Faster ATC
- Spindle Taper BT-30/BBT-30
- High Rapids 50/50/48 m/min
- Spindle Power 7.5/5.5 kW
- Roller Guideways
- Lower Chip to Chip Time

### **Optional Features**

- Higher Spindle Speed upto 24000 rpm
- 24 Tools ATC
- Higher Spindle Power
- Chip Conveyors
- Coolant Through Spindle
- Tool Washing
- Rotary Pallet Changer

# **Machine Specifications**

| Specifications          |            | Unit   | DTC 400L-XL           |
|-------------------------|------------|--------|-----------------------|
| Travels                 |            |        |                       |
| X axis                  |            | mm     | 700                   |
| Y axis                  |            | mm     | 400                   |
| Z axis                  |            | mm     | 320                   |
| Dist. from spindle      |            |        |                       |
| Face to table top       |            | mm     | 140 - 460             |
| Table                   |            |        |                       |
| Table size              |            | mm     | 850 x 400             |
| Max. load on table      |            | kg     | 300                   |
| Table height from floor |            | mm     | 850                   |
| Spindle                 |            |        |                       |
| Tool shank type         |            |        | BT-30/BBT-30          |
| Spindle speed           | Std.       | rpm    | 10000                 |
|                         | Opt.       | rpm    | Upto 24000            |
| Spindle power           | Std.       | kW     | 7.5 / 5.5 (Opt 7.5/6) |
| Feed                    |            |        |                       |
| Cutting feed            |            | mm/min | 1-10000               |
